

New Orders to Get Young Men

**Selective Service After All
Men 18-25; Men Over 30 to
Get Short Postponement**

According to new instructions received by the local board, all men 18 to 25 years must be sent for their physical examinations. A large part of these men will be inducted into the armed services during the coming two or three months.

An officer from State Headquarters met with the local board yesterday morning. He pointed out that the armed forces were badly in need of young men for replacements. "Food and the production of munitions are now at the peak, so that these industries are able to give up their young men for the armed forces," stated the officer. It will be almost impossible for men of this age bracket to escape military service, according to these new instructions.

Men 26 to 29 years will continue to be inducted in the armed forces with the exception of those engaged in essential occupations. Men in this age bracket without children will be taken before pre-Pearl Harbor fathers.

It is recommended that induction of men over 30 years of age be postponed until the 18-25 age bracket is exhausted.

For the present, the armed forces are not so particular in just getting men as they are in getting young, vigorous men who are quickly trained for military combat. It is likely that few men over 30 years of age will be inducted during the coming two or three months.

Men Will Leave For Induction In Army, Navy

Six men will leave Monday morning for Fort Sill where they will be inducted into the army. All have passed their physical examination.

The men are: Clarence Melvin Burger, William Virgil Coursey, Harle Stanley Belt, Harry Carter Glass, Arley Bea Jones, Clarence Franklin Son.

Eleven men will leave on the afternoon of May 24 for Lubbock to report to the Navy. These men are: Carl Lawrence McMillen, Clyde Kay Smith, Luther Frederick Wesley, Marion Rufus Ziegler, Curtis Harman Claiborne, Jesse Glenn Campbell, Charles Harvey Blanks, Raymond Carl Graves, Ernest Gerald Glenn, George Fain Black, William Lee Wesley, Jackie Lee Glenn.

Thirty-eight men will leave Monday afternoon for Lubbock to take their physical examination. Included in this number will be eight who had previously passed their physical examinations, but in view of the fact that they were not called into service before the end of 90 days it was necessary for them to be re-examined before induction into the armed forces.

The June call for men is as follows:

June 12, six men for the army.
June 22, four men for the navy.
June 18, twenty men to take their physical examinations.

Large Attendance at Historical Meet Here Friday Night

A record attendance came to the 25th annual banquet of the Panhandle-Plains Historical Society Friday night at Cousins Hall. While several prominent pioneers of the Plains were unable to come, the attendance was a distinct surprise, according to Dr. L. F. Sheffy, secretary of the Society.

Judge J. D. Hamlin of Farwell, president of the Society, presided at the banquet.

Boyce House of Ft. Worth made the principal address of the evening, telling a string of stories regarding Texas and the Great Southwest.

A called meeting of the members will be held June 5 for the purpose of revising the constitution of the Society. Proxies have been received from members in order that the attendance will be guaranteed as high as 50 members.

Musical numbers were given at the banquet by the College Sextet and solos by Dr. Wallace R. Clark. Miss Pauline Brigham accompanied the singers.

Pfc. George Cuning Home From Pacific

Pfc. George Thomas Cuning is home from the South Pacific where he spent 19 months in the Marine Corps. He came through combats with the Japs without injury or sickness. After a leave here he will report back for service.

He is visiting his mother, Mrs. T. O. Cuning. His father died a few weeks ago.

MICKIE SAYS—

Three Faculty Members Retiring West Texas State

At the close of the regular session two members of the college faculty, Miss Anna I. Hibbets and Miss Mary Moss Richardson, will retire. Mrs. Agnes Collins Smith will retire at the close of the summer session.

Miss Hibbets, Associate Professor of Primary Education, has been associated with the college since 1910 when she enrolled as a student. She has been a member of the faculty since 1919 and has held her present position since 1922.

Miss Richardson, Associate Professor of English, has been in her present position since 1921.

Mrs. Smith became a student in 1924, supervisor of Randall Hall in 1926 and supervisor of Cousins Hall in 1933.

These three women will be missed from the corridors, classrooms and community activities by thousands of old students and associates who have found only goodly guidance at their hands and by thousands to come who will not have the privilege of being associated with them.

Changes are Made on Sugar Stamps

Changes affecting procurement of sugar for home canning are announced by OPA.

Two periods have been designated during which consumers may apply for canning sugar. The first issuance will be from May 15 to July 1, and the issuance for this period will not be over 10 pounds per person. The second period will be announced later.

This change in procedure is in line with the request made earlier that consumers not apply for home canning sugar until some home grown fruit was available in the Lubbock District.

MARRIAGE LICENSE

L. J. Redus to Mary Jones, May 12.

Mr. and Mrs. C. E. Hill from Dalhart visited their daughter, Mrs. Clay Cooper and family Sunday.

Men of 350th Training Detachment To Have Open House Saturday

The Army Air Forces College Training Detachment was activated at West Texas State College a little over a year ago. During this time 1,767 aviation students have been trained by the college to better prepare them for their future training as pilots, bombardiers and navigators.

The training received by an aviation student while in a college training detachment falls into four distinct categories, namely training in academic subjects, under which the subjects of math, physics, geography, history, English, Civil Air Regulations and medical aid are taught, flying training, physical training and military training.

In order to better acquaint the citizens of Canyon and nearby cities and towns with the nature of the college training program, open house will be held Saturday, May 20th, the Commanding Officer, Capt. Paul L. Boutz, has announced.

Guests are invited to come to the new Science Building promptly at 1:00 p. m. Here they will see the classrooms and the headquarters offices. They will then be conducted by aviation students through the detachment area where they may inspect the students' quarters and the cafeteria.

At 1:50 p. m. there will be a physical training demonstration, when selected trainees will compete against each other in running the

32 Graduates in West Texas High

**Exercises Will Be Held
Friday Night; Activities
of Graduation This Week**

To culminate a week of senior activities, the seniors of West Texas High School will give a socialized program, "We Look at the Future," as their commencement program, Friday evening, May 19, at 8:30 o'clock in the auditorium of the Education Building.

John Flenniken, Louise Conatser, Joyce Carr, Henry Hand, Glenn Dorris, Una Bauer, and Betty Young will present the program. Supt. F. E. Savage will award the diplomas and Miss Helen White Moore will make the National Honor Society Awards.

Seniors who will receive their diplomas Friday are: Claude Allen, Una Bauer, Gerry Brady, Garland Campbell, Jane Campbell, Joyce Carr, Joyce Childers, Louise Conatser, Betty Ruth Cox, Francis Davis, Glenn Dorris, Laverne Ellison Dorris, Wilma Dugan, John Flenniken, Wanda Grantham, Frances Marie Hand, Henry Hand, Deanne Hardin, Herschel Lowe, Virtis Lowe, Karl Meyers, Carl Michell, Dwayne Roberts, Malcolm Reynolds, Ross Russell, Don Service, Willard Spiser, La Verne Stinnett, Nelda Stinnett, Lula Jewel Walker, Barbara Robertson Wilson and Betty Young.

Other activities of the week have included the National Honor Society initiation Monday afternoon at 2 o'clock and the class gift presentation Wednesday afternoon at 4 o'clock. At that time the class presented a cyclorama for the stage in the auditorium of the Education Building.

Una Bauer, Jane Campbell, Louise Conatser, Betty Ruth Cox, Laverne Ellison Dorris, Virtis Lowe, Karl Meyers and Betty Young are the senior members of the National Honor Society.

Dorothy Costley Is Accidentally Shot With Rifle

Dorothy Jean Costley, 16, daughter of Mr. and Mrs. Glenn Costley is in an Amarillo hospital suffering from a rifle shot which entered her body just above the heart. The bullet went through to the spine and coursed downward. According to information from the hospital a major operation will be necessary before she is fully out of danger.

The accident occurred at the family home north of town Sunday morning. No one knows just how the unfortunate accident happened as she was alone at the time.

The girl has been a junior student in West Texas State high school and is a splendid student.

The parents are prominent stockfarmers and have lived north of Canyon for many years.

COUNTY EQUALIZATION

Members of the Commissioners Court are sitting as a Board of Equalization this week. All tax renditions as made to Tax Assessor M. E. Cantrell are being checked by the commissioners. Few changes in valuations are being made, except in case of those who lowered their past renditions.

Colleges to Ask Legislature For Salary Increases

President J. A. Hill was in Austin this week attending a meeting of the Board of Regents for Teachers Colleges and conferring with state officials regarding the budget for West Texas State which will be presented to the legislature in January.

Teachers college officials will recommend to the Board of Control an increase in salaries for members of the faculties of the seven teachers colleges. The proposed increase is 20% for those receiving less than \$2,100 and 15% for those between \$2,100 and \$3,600.

A plan for reserving positions for members of the faculties who are now in the armed services was worked out. Under this plan practically all who have entered the armed service will be assured of jobs when they are discharged.

Ray Cole Out On Operations Again

A letter from Mrs. Ray Cole this week states that: "Ray Cole is out on operations again, after several weeks in North Africa. He is still Chief Engineer aboard a boat in the Motor Torpedo Squadron, operating in the Mediterranean. He expects a furlough in the States this fall."

Pvt. Johnnie Harter, who is stationed at the Amarillo Army Air Field, visited with friends in Canyon Sunday afternoon.

Bond Record for '44 5th Loan Quota Set

The following is a complete report on the sale of War Bonds up to and including May 15th of the year 1944, as prepared by R. H. Wright, County Chairman:

Over-all quota assigned to Randall County for the Fourth War Loan drive during the months of January and February \$173,000.00
Total over-all credits given this county for the Fourth War Loan drive (which includes purchases made directly at Canyon and other out of county credits allocated to this county) 276,375.75
Quota assigned to this county for the month of March 25,000.00
Total credits given this county for the month of March (which includes subscriptions handled at Canyon and other out of county credits allocated to this county) 19,483.75
Quota assigned to this county for the month of April 25,000.00
Total credits given this county for the month of April (which includes subscriptions handled at Canyon and other out of county credits allocated to this county) 24,275.00
Quota assigned to this county for the month of May 25,000.00
Sales reported for May up to and including the 15th of the month 6,899.25

5th WAR LOAN DRIVE—June 12th-July 8th.

Over-all quota assigned to this county for the 5th War Loan Drive is \$195,000.00

(Of the over-all quota, \$110,000.00 of the total is assigned as a quota for Series E Bonds)

U. S. Government Securities included in the program for the 5th War Loan Drive are:

Series E, F and G Savings Bonds
Series C Savings Notes
2 1/2 % Bonds of 1965-70
2 % Bonds of 1952-54
1 1/2 % Notes of 1947
3/4 % Certificates of Indebtedness

We are advised that all subscriptions for E, F and G Savings Bonds and Series C Savings Notes processed by the Federal Reserve Bank or the Treasury between June 1 and July 31, 1944, will be credited to the drive.

Survey Is Made in Canyon Friday on Sentiment Democratic Convention

All Candidates Have Filed For Place on Ballots

All candidates for public office in Randall county have filed for places on the official ballot. However, candidates for county and precinct office may file up to June 17, and the list will not be final until that day.

Candidates for district office had to file by Monday night. There were no new candidates. Congress is the only contested district office, with Congressman Eugene Worley and La Marr Bailey of Amarillo filing for places.

Candidates for state offices have until June 5 to file for places on the official ballot. So far the list of state candidates is the smallest in years. It is likely that not more than three candidates will file for any state office. If this is the final list of entrants, it is altogether likely that there will be no second primary this year.

The county committee will not meet until June 19 to make assessments and place names on the official ballots. The committee must make the assessment of local candidates sufficiently high to pay for a second primary whether it is held or not. If the second primary is not held this year, refunds would be made on the assessments against the candidates.

Colleges to Ask Legislature For Salary Increases

President J. A. Hill was in Austin this week attending a meeting of the Board of Regents for Teachers Colleges and conferring with state officials regarding the budget for West Texas State which will be presented to the legislature in January.

Teachers college officials will recommend to the Board of Control an increase in salaries for members of the faculties of the seven teachers colleges. The proposed increase is 20% for those receiving less than \$2,100 and 15% for those between \$2,100 and \$3,600.

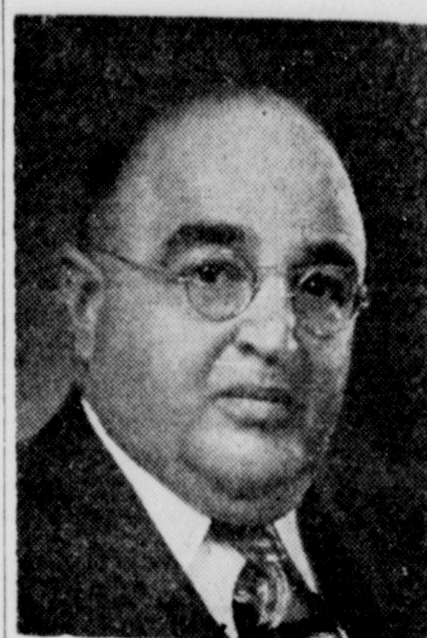

A plan for reserving positions for members of the faculties who are now in the armed services was worked out. Under this plan practically all who have entered the armed service will be assured of jobs when they are discharged.

Ray Cole Out On Operations Again

A letter from Mrs. Ray Cole this week states that: "Ray Cole is out on operations again, after several weeks in North Africa. He is still Chief Engineer aboard a boat in the Motor Torpedo Squadron, operating in the Mediterranean. He expects a furlough in the States this fall."

Pvt. Johnnie Harter, who is stationed at the Amarillo Army Air Field, visited with friends in Canyon Sunday afternoon.

Dr. Joekel and Pres. McDonald Will Be Speakers

DR. SAMUEL L. JOEKEL

MR. G. W. McDONALD

Dr. Samuel L. Joekel, of Austin, will be the baccalaureate speaker this year, and Mr. G. W. McDonald, President of Wayland College will deliver the commencement address.

Dr. Joekel is a member of the faculty of the Austin Presbyterian Theological Seminary which is affiliated with the University of Texas. His special field is the English Bible. He is known as a stimulating teacher and a delightful speaker.

President McDonald has guided the destinies of Wayland College for many years, and his association with West Texas State College has been a pleasant one. Often the schools have helped each other in many ways. A large number of Upper Division students at W. T. have had their junior college work at Wayland. President McDonald's participation in the commencement will be like a neighborly visit to which all concerned are looking forward with pleasure.

Grain Crops Over County Look "Too Good to be True"

Randall county is going to have a splendid wheat and small grain crop this year judging from the excellent condition of the grain at the present time.

As a matter of fact wheat farmers are holding their breath and wondering what is going to happen. "The wheat looks so darned good and the prospects are so bright that I just cannot believe it is possible," stated a farmer Monday.

Others agree that Randall county has never had a better chance for wheat. There has been a wonderful recovery since last fall when it was too dry to plant wheat on time. After the rains started during the winter conditions have been ideal.

All kinds of small grain are doing nicely, with the prospects of a bumper crop of oats and barley.

Recreation Program Begins Ball - Track

Monday, May 15, 45 boys were at the Canyon School playgrounds to begin training for the league soft ball games that are to be a part of the summer recreation program.

Three games were played. No score for the junior games was kept, as they classed this as practice games. The sub-junior Giants and Cardinals played with the Cardinals winning 22-11.

One day next week a track meet consisting of 50 yard dash, 75 yard dash, baseball throw, broad jump, 30 and 60 yard shuttle run, pole vault and high jump will be held. Practice for this meet will be held at the college track Saturday morning from 9 until 11 o'clock with W. W. Nicklaus in charge.

Ball teams will meet again Monday afternoon at the Canyon High School playgrounds. Any boy interested may organize and enter a team yet for the scheduled league play.

BUY MORE WAR BONDS.

Exercises Bring Close WT Session

**Commencement Sermon to
Be Held Sunday; Closing
Program Monday, 10 a. m.**

West Texas State will hold its spring commencement this week, and work will start for the summer session next Wednesday. The commencement sermon will be preached Sunday morning at 11 o'clock, and the commencement exercises will be held Monday morning at 10 o'clock.

From the office of the Registrar, the following list of names and degrees was obtained:

Bachelor of Arts: Jean Daugherty, Hoover; Elizabeth McCaslin, Canyon; Eris Norton, Bovina; Boone Todd, Pampa; Edwina Tooley, Plainview.

Bachelor of Science: Frank Bushnell, Little Valley, New York; Lee Christie, Clarendon; Kenneth Cofer, Canyon; Leon Daugherty, Hoover; Vivian Earl Davidson, Pittman, Nevada; Margaret Bernice Denton, Amarillo; Pat Devine Groom, Amarillo Helen Driskill, Canyon; Marion Ruth Duren, Memphis; Marcelle Farmer, Wheeler.

Donnell Foster, Canyon; Doris Nell Gates, O'Donnell; LaNelle Harmon, Floydada; Meribelle Hazard, Pampa; Latrice Jesse, Levelland; Lula Margaret Johnson, Groom; Joyce Jones, Magic City; Earline Lust, Dimmitt; Ruth Lutrick, Hale Center; Elnora Russell Masterson, Turkey; C. P. Metcalf, Phillips; Vesta O'Dell, Amarillo; Mable Garrison Price Floydada.

Dottie Dell Quickell, Bovina; Billie Quinn Clinton, Amarillo; Ione Read, Amarillo; Fidel Reyes, Amarillo; Edna Earl Smith, Wellington; Norma Thomas, Childress; Ruby Delle Roberts, Groom; Mescal Turner, Turkey; Jerri Dromgoole Warren, Canyon; Allene Weathered, Kress; Icile Lawrence Witt, Amarillo; Avanelle Hill Word, Perryton.

Bachelor of Business Administration: Georgia Browning, Pampa; Helen Studer, Canadian; Claire Trisler, Harrold; Vada Webster, Memphis.

Practically every organization in West Texas State has seniors participating in its activities.

In the band, Earline Lust has played all year; and in the Chorus, Elnora Russell Masterson and Beth McCaslin have sung. The Young Women's Association (YWA) has seen Edwina Tooley working, and in the Student Christian Association (SCA), Latrice Jesse, Elnora Masterson, and Earline Lust have been active. Meribelle Hazard and Earline Lust have played with the College Orchestra.

Boone Todd has been president of the International Relations Club, and Kenneth Cofer of the Science Club. Edwina Tooley also presided over the Spanish Club this year. Helen Studer worked as assistant editor of Le Mirage, and Earline Lust reported for the Prairie Staff.

In the Phidias Art Club are such Seniors as Latrice Jesse, Marcelle Farmer, and Jerri Dromgoole Warren. Ruth Lutrick, Marion Ruth Duren, Doris Nell Gates, and Edna Earl Smith participated in Kappa Omicron Phi events. In Alpha Psi (Continued on page five)

American Day Not Be Observed Here On Sunday

Next Sunday is "I Am an American" Day.

In years past celebrations were held in Canyon in order that young men and women who were becoming 21 years of age might be recognized. Owing to the war no celebration will be held this year.

Dr. S. H. Condon has certificates for every young man and young woman who becomes 21 years of age this year and he would like for them to call for these certificates at his office.

Geraldine Hart visited four days of last week in the parental Silas Hart home to be with her brother, Lieut. Fred Hart, who is home on leave.

Mr. and Mrs. John Guthrie from Bovina were shopping in Canyon Monday.

Commencement Calendar

The following is the commencement calendar for West Texas State college:

Tuesday, May 16, Senior Class Day.

Friday, May 19, High School Commencement Exercises, 8:15.

Saturday, May 20, Commencement Concert, 8:15.

Sunday, May 21, Baccalaureate Services, 11 o'clock, Dr. Samuel L. Joekel.

Monday, May 22, Graduation Exercises, 10 o'clock, Pres. G. W. McDonald, of Wayland College.

The Canyon News

CLYDE W. WARWICK, Owner and Publisher
Founded by Mrs. W. R. Morgan in 1896.

SUBSCRIPTION \$1.50 PER YEAR (In Randall and adjoining counties); \$2.00 per year in other counties of Texas and other states.

Entered at the Postoffice at Canyon, Texas, as second class matter. Published weekly at office, 1513 Fourth Avenue, Canyon, Texas.

Member of National Editorial Association and Texas Press Association.

Judged as the Outstanding Weekly Newspaper in Texas in 1942.

Placed as an Outstanding Weekly Newspaper in "Editing The Day's News" in 1943.

The News received several long distance calls following the recent Democratic convention in Canyon which endorsed Roosevelt for a 4th term, and endorsed the participation of negroes in Democratic primaries. Some folks seemed to think that because this newspaper was opposed to 4th term that everyone in Randall county should feel the same. So far as we are concerned, this column is the property of the publisher to express his views. We have not asked the opinions of others in formulating the ideas expressed herein. We express our opinions, and if the voters wish to disagree, that is their business, not our responsibility. A newspaper without an editorial opinion is a very drab, spineless affair, which few people want to read. So far as the so-called convention was concerned, no one present indicated that they thought the 34 voting persons present represented other than the opinions of those voting. There are 7,000 persons living in Randall county and if no more than 34 are interested in political questions, Democracy is in a bad way. As costly as the primary system is getting to be, so far this is the best method of making selections of public officials, and should be extended to the selection of delegates to name candidates for President and Vice President. One or two ardent partisans can stack any convention by doing a little work, and that seems to have been the case in nearly every county in the state. Perhaps more people will attend the next Democratic convention—unless they forget again.

Regardless of what the administration or the courts have to say, CIO won the Montgomery Ward case. It won through the pressure of the government, and because the government forced an election almost at the point of bayonet. What else could be expected from the workers in this plant when they saw who was running the election and how they were expected to vote? The President brushed the issue aside by remarking that the workers had decided the case. He refused to discuss the legality of the case wherein he ordered a president of a business firm thrown out of his office by U. S. soldiers, and held an election under the eye of the armed forces. As a matter of fact the President is anxious to drop the issue like a hot potato. Whether Congress will allow this disgraceful event to be so lightly brushed aside is yet to be seen. If the administration gets away with this, who knows what business executive in Canyon will be the next to be thrown out of his office and forced to unionize under government supervision?

Hitler's puppet nations have been warned to get out of the war. But they will do nothing about it until they see just how strong the United Nations are when they open up on the continent. Last minute switches over to the Allies will come only when the going gets tough for Hitler and his gang.

The drive in Italy was renewed this week. From every indication this is the beginning of a general drive on Hitler's Europe. Our armed forces are not going to be surprised this time. They know what it will take to dislodge the German troops, and have the needed men and material there to do it.

Trio and Soloist Will Represent College at Dallas

Auditions for College Capers were held Wednesday afternoon, May 10, in the auditorium of the administration building, and from the groups of try-outs Edna Mae Mauldin, soloist, and the trio, Mary Evelyn Foster, Mary Lee Abbott, and Winnie Fred Ramage, were selected as victors.

Each act selected will receive \$50 for their appearance on the program "Showtime." Acts selected for the final competition will receive \$100 for each performance. All traveling and living expenses incurred by any act while appearing on the Showtime program will be paid by Interstate Theaters which is sponsoring the College Capers.

Wayside Items

Rev. Jack Reeves of Plainview delivered an excellent Mother's Day sermon Sunday morning in conjunction with a nice Mother's Day program.

S/Sgt. Bill Heisler spent Mother's Day with his mother and attended services at the church Sunday morning.

Mrs. Bessie Lane spent Mother's Day in Pampa with her daughter, Mrs. George Hancock and family. Mr. and Mrs. Wm. Payne and Lynn spent Sunday night in the W. R. Franklin home.

Mr. and Mrs. Roy Franklin and children of Canyon spent Mother's Day in the W. R. Franklin home.

D. K. McGehee and family spent Mother's Day in Canyon with his mother, Mrs. Levina McGehee.

Mr. and Mrs. W. R. Franklin and

In spite of our opposition to a fourth term for the President, The News has continued to point out the fact that this was likely to take place. The President has the nomination sewed up, if he wants it—and most certainly he wants to continue in office as long as he lives. Months ago we heard that Roosevelt and his bureaucrats were more concerned about a 5th term than they were a 4th term. We heard in Canyon only last week that ardent New Dealers will be for Roosevelt for a 5th or even a 6th term if he wants it. As the matter stands now, the President has the necessary votes to win the nomination. Naturally he is too modest to let it be known in public that he would consider such a thing as a 4th term. But he has refused to allow any Democrat to be considered as presidential timber. The Republicans are charging that Roosevelt and Churchill are purposely holding up the invasion of France in order to assure the re-election of the President. Such a dastardly plot, if such could be possible, should force both out of office. We prefer to believe that opening the second front is strictly in the hands of the military leaders, who know that failure would mean a long, long war, and the possible defeat of the Allies.

The congregation of a prominent church in a neighboring town wished to build an addition to its church in order to take care of the growing needs of the congregation. A survey was made by Washington bureaucrats. The proposal was turned down with the statement that the building was sufficiently large for the congregation. If the bureaucrats can tell a religious organization on the Plains of Texas that its church is sufficiently large, when the members are not looking to Washington for financial aid, what is going to keep these same bureaucrats from going to Canyon, telling three or four congregations to disband because they are not strong enough to support a denomination; or just how long will it be until preachers are sent orders from the bureaucrats as to the subjects they may discuss in their pulpits? Far fetched, do you say? The old man is getting unduly alarmed, perhaps you may think. As a matter of fact Democracy in America is on trial, and those who are running things in Washington are as ruthless in many respects as the bureaucrats under any dictatorship.

Martin Dies announces that he will not be a candidate for re-election. Congressman Dies has probably made a wider reputation for himself than any member of Congress from Texas through his investigation committee. Various attempts have been made to defeat him, and this time it looked as if he was almost certain to meet defeat at the polls. He will continue his investigation until his term expires. He will retire thoroughly hated by many, feared by others, and respected by great masses for the un-American activities which he uncovered. A prosecutor is never a loved man.

John Lewis has withdrawn his application for reinstatement in AFPL. He has tried for a year to get back, but on his own terms. President Green knew that if Lewis came back, he would soon be forced out and Lewis would be running the show. The reader will recall that Lewis has defied the government time and again, but instead of being thrown out of his office, Lewis and his miners have been rewarded by the administration for their strike against the government in a very critical time of the war.

The battle of Austin takes place next Tuesday. We do not profess to know who will win—the New Dealers, or the anti-4th termers. From surveys it is indicated that those opposed to the 4th term now have the votes. But pressure is being put on delegates from over the state. The administration wants Texas lined up for a 4th term, and Texas people like to wear the brass collar as adjusted by the bureaucrats from Washington.

Again the men of the nation have been upset by Selective Service publicity. Practically no changes have been made. Men between 18 and 25 will have a pretty tough time keeping out of military service, and local boards will keep their eyes on this class. Fathers over 26 will be deferred when non-fathers are available. It is good news that the armed forces have about reached their goal, and replacements will depend entirely on casualties.

Glenn also Delbert Wesley were Happy callers Saturday.

Guests in the Grady Kennedy home Sunday for dinner were W. I. Lane, Mr. and Mrs. J. R. Stockett, Peggy and Billy, Mr. and Mrs. Chas. Kennedy and Robert Edwin, Glen Franklin and Delbert Wesley.

When sleet attains a diameter of more than one-fourth of an inch, it is called hail.

The greatest known depth of the Atlantic Ocean is five and three-tenths miles, at a point north of Puerto Rico.

The world's fastest moving glacier is the Upernivik ice stream in Greenland, which has been observed to move 100 feet in one day.

The chief language of Haiti is French.

Whatever has become of the "human fly"? You know—a man who made his living by climbing up the side of the town's tallest building with his bare hands while the crowd gaped, got stiffened in the neck and had a near heart attack when he purposely "almost" lost his hold on the ledge near the top?

I never missed any free attraction that came to town during my boyhood—the expert marksman who put on an exhibition to advertise Peters' cartridges; the cyclist who rode a single wheel standing up by way of directing public attention to the superior qualities of one particular brand of bicycle; and the medicine show, with the gasoline torches luridly lighting up the platform, the "professor" with his long hair, high top hat, long-tailed coat and marvelous flow of languages; and sambo, who entertained with numbers on the banjo.

And did Buster Brown ever visit your town? He was a midget who looked like the one-popular comic supplement boy with the odd suit and the bobbed hair. (He was publicizing a product).

Sometimes, the merchants would bring in a special event for trades' day—a slack-wire walker or a daredevil, who leaped from the top of a high ladder into little more than a tub of water. Whenever a minstrel show came to town, there was always a free concert in front of the tent or the opera house.

But of course the biggest event of all was the circus parade. Folks

lined the streets for an hour ahead of time—why, I never knew, because no parade ever started on time. But it was a real thrill from the beginning—the proprietor in a rubber-tired buggy who (the proprietor, not the buggy) bowed smilingly to right and left; then the many wagons, a few of which were open to show the lions and monkeys; the bespangled ladies on the elephants; the clowns—on to the very end, the callopie (we boys called it "calyope") tooting out noises amid which could occasionally be detected a couple of notes that suggested "In the Good Old Summer Time."

Them was the days!

Palo Duro News

A/C John E. Albers, who is now stationed at Pampa, spent the week end in the parental Emil Albers home.

Guests in the Geo. Albers home Sunday were Mr. and Mrs. B. A. Burrus and family, Mr. and Mrs. Albert Meyer and daughters, Mrs. Henry Meyer, Mr. and Mrs. Gene Root and family, Emil Albers and family, Mrs. John Albers and Mrs. Tom Harbert and daughters of Dumas.

Mrs. Tom Harbert and daughters of Dumas and Mrs. John Albers called in the George and Emil Albers home Thursday.

Norris Root spent the week end with Meade Michael.

Mr. and Mrs. E. A. Michael and family spent Sunday evening with Mr. and Mrs. Bailey McCormick.

Bob Bruce arrived here Sunday evening from Buffalo, N. Y., where he has spent several weeks. The Bruce family plan to move to Buffalo soon.

Pic. Gerhardt Rogge of Detroit, Mich., is spending this week with his mother, Mrs. Ida Rogge.

Rastus: My gal am so lazy she won't laugh when she hears a funny joke.

Sambo: Dat ain't nothin' boy. My gal's so lazy she won't ache when she's got a pain.

The pendulum was first used to measure the human pulse.

Hail Insurance

Don't run the risk of losing your wheat crop by hail.

Insure now in safe, old line companies. We will give you complete service.

The famous matador was fighting in the bull ring of a Mexican border town where many of the spectators were seeing their first bull fight, among them an old cow hand. The fight had reached the stage where the matador, armed with only a cape was taunting the bull to charge him, avoiding the animal's horns by fractions of an inch, and flipping the cape aside as the bull charged past. At last the old cow hand could stand it no longer. "Buddy, he ain't never gonna run into that

sack unless you hold it still!" he shouted.

Young folks always seem so silly after you've ceased to be one of them.

To Our Friends and Customers

A growing city is almost invariably a city with a friendly and hospitable spirit. Sometimes a city achieves a sudden growth as a result of an oil boom or the discovery of other wealth hidden beneath its soil. But these instances are only rare. Most cities are man made.

Small cities become great cities through the vision and energy of its citizens. Such a city constantly seeks new capital investment in its development, new enterprises, new industries, new payrolls and new citizens.

This program of city building, featuring the welcoming hand of friendship to new citizens and new enterprises and accompanied by the fullest possible support of the industries it already has, brings rich rewards. The great cities of the Southwest were built and are being further built in just such manner.

The Southwestern Public Service Company is an independent company operating wholly under local management, since it has no holding company over it whatsoever. Thus its officers and managers are in position to conduct the operations of the Company under a policy of cooperation with the people of the cities and communities it serves.

This policy means the finest possible service to the public at the lowest possible rates consistent with such service. It also means the fullest cooperation with the citizens in all matters leading to the development and upbuilding of the cities and communities served by the Company.

Mexico Saving Resources With Oil-Burning Stove

This country is helping to conserve its vast resources by a simple and novel expedient—distributing oil stoves to its rural population. Besides contributing to forest conservation, this step is expected to improve living and sanitary conditions in rural areas and give the Mexican oil industry another new outlet for its surplus production.

For centuries the traditional cook-stove of Mexican peasantry was the unsanitary, open brasier. Aside from the dirt which it invited, it represented a dual menace to the country's forests. Forests untouched by flying sparks from millions of brasiers throughout the country were rapidly being denuded as a source of firewood.

Steps to check these and other inroads into existing timber stands were taken by President Avila Camacho towards the end of last year, as a result of recommendations made by the First National Forest conference, held in August, 1941. And in a bill which he sent to congress, he pointed out the dangers represented by the brasiers to this country's forest wealth. Literally millions of cubic feet of standing timber were being used for firewood each year.

This destruction of a vital national resource in a country abounding in sources of fuel-oil led to an extensive campaign to convince rural housewives that the traditional brasiers of their ancestors were unhygienic, unpatriotic and uneconomical. Meanwhile, a large enamel products firm in Mexico City was retooling for the manufacture of low priced, efficient oil-burning stoves for household use.

List Fundamental Rules For High Quality Eggs

There are several fundamental rules of management for growers to follow in producing highest quality eggs.

Proper production methods should include laying stock, bred for good egg production, free of disease, properly fed and housed, together with good sanitation and proper care of eggs after they are laid.

High grade eggs should weigh 24 ounces per dozen, have a good shell texture, be reasonably free of watery whites, and otherwise possess good internal quality.

It is important that the flock be properly fed on a balanced ration, since the egg is manufactured from the food given the bird. Proper housing and equipment is needed to avoid production of dirty eggs. Clean eggs are not only in demand by the consumer of fresh shell eggs but also by the egg drying plants.

Scattered Industry

There is one point which most countries have in common. That is, their industries are scattered in different regions. Look at Britain. It has at least six industrial districts; the London district, the Central districts, the Newcastle district, the Scottish Lowlands, the South Wales district, and the Belfast district. Germany also has six districts; the Berlin district, the Ruhr district, the Saxony district, the Silesia district, the Bohemia district, and the South Germany district. In Soviet Russia, besides the Leningrad district, the Moscow district, and the South Ukraine district which had been fairly well developed before the first five-year plan was put into effect, there are developed further east some new manufacturing districts, such as the Ural district and the Altai district. Even in Japan, you can distinguish at least four manufacturing districts: the Tokyo-Yokohama district, the Nagoya district, the Osaka-Kobe district, and the Northern Kyushu district.

Guide Taken for Ride

The man that bit the dog was a piker compared to a big buck that Guide Orrie Crawford of Pittsburg, N. H., tells of meeting last year. Orrie, out hunting, had seated himself on a big windfall to eat his lunch. He heard something coming and soon a ten-point buck stuck his head through the foliage over the log he was sitting on. Cautiously Orrie grabbed his gun and sneaked along the log until he could see the deer's hide, then fired. As he did so, he lost his balance and fell off the tree directly in front of the deer. The buck went down at the same time, then stumbled to his feet, with Orrie's sweater tangled in his antlers. The animal went away from there in high and so perforce did Orrie. Fortunately the deer was badly wounded and soon dropped dead, leaving Orrie physically unharmed, but emotionally upset.

Prefabricated Ships

It was former practice to outfit ships piecemeal. In the building of a Liberty the lines of material flow into the pre-assembly building where thousands of small parts are put together into finished units. Only the final installations need take place on the ship.

Prefabrication of hull parts, although not new to shipbuilding, has taken great strides. Electric welding permits the construction of sections away from the limited space on the ship ways. Cranes are provided with the power to lift large prefabricated sections into position. The welded ship (usually with some riveted parts) is lighter than its predecessor and has a superior ability to withstand bombs.

Nobody is going to save your money for you
You'll have to do it yourself!

BUY WAR BONDS NOW!

LOOKING ahead to the future and planning wisely is more important today than ever. With the longer hours and harder work the war has brought, your equipment is wearing out pretty fast. Few replacements are available. But the day is coming when full lines of everything will be on the market again—and then you're going to need a lot! Nobody else will save the money to meet those future needs. It's up to you to do it yourself.

On farms and ranches all over the country, owners and tenants are salting down their dollars in the War Bonds which will mean so much to their post-war prosperity. It's the safest and easiest way to save. Uncle Sam stands behind them. You can buy them in large or small denominations, to suit yourself, and you can get them at bank or post office or Production Credit Association. Between trips to town you can buy by mail, or ask your rural mail carrier to get them for you. The wise, farsighted plan is to keep right on buying them.

Save your money for your boy, too. His great dream, wherever he's fighting, is to get home as quickly as possible. The least you can do, now, is to buy the War Bonds that help provide his fighting equipment. But when the war is over, then the money

you've lent to the Government will come back to you . . . and you and the boy can use it together. The farm will mean more to him than it ever has, and he'll be proud of you for the way you've stood behind him, and provided ahead for future needs. War Bonds are your duty to your country, to your boy—and to yourself.

YOU NEVER GET LESS THAN YOU LEND! And you can get 1/2 more than you invest. When held 10 years, Series E War Bonds yield 2.9% interest compounded semi-annually. You get back \$4 for every \$3.

Of course, no one should cash a Bond unless he has to; but if an emergency comes along, Uncle Sam will redeem them in cash—at full purchase price—any time after you've held them 60 days. BUY WAR BONDS!

FACTS ABOUT WAR BONDS (Series E)
You LEND Uncle Sam: Upon Maturity you get back:
\$18.75 \$25.00
37.50 50.00
75.00 100.00
375.00 500.00
750.00 1000.00

You can buy War Bonds from your bank, postmaster, rural mail carrier or Production Credit Association

For America's future, for your future, for your children's future—keep on buying WAR BONDS

Let's all KEEP BACKING THE ATTACK!

Social Events of the Week Clubs and Organizations

UMBARGER H. D. CLUB MEET WITH MRS. W. P. JANSEN

Room background and growing of tomatoes were discussed when the Umbarger H. D. Club met with Mrs. W. P. Jansen, May 11, with Miss Lou Ella Patterson, County Demonstrator, in charge.

Tomato growing points stressed were: tomatoes should be put into the ground where they are to stay in May; do not water often; if blossoms have a tendency to drop off and no insects are to be found, sprinkling in the late evenings usually helps.

The May Day party will be held May 20, from 3:25 to 5 o'clock in the Thompson Club Room.

Sandwiches, cake and coffee were served to Mrs. Brackett, Mrs. Vorwald, Mrs. M. Hollenstein, Mrs. Ben Koch, Mrs. Satterwhite, Mrs. Clarence Beckman, Mrs. M. Hoffman, Miss Patterson, and the hostess, Mrs. Jansen.

Lt. Darrell Cooper of Fresno, Calif., visited with his uncle, C. O. Cooper, Sunday.

WILBERT WENDELKIN HOST TO WALTHER LEAGUE

The Walther League of Trinity Lutheran Church in Amarillo met in the Wendelkin home Sunday afternoon and evening for its regular business and social meeting with Wilbert as host. The afternoon was spent playing soft ball and horseshoes. During the business meeting the following officers were elected: Dorothy Mittel, president; Clara Miller, vice president; Helen Schuette, treasurer; and Oscar Schuette, secretary. Plans were made to attend the Rally of Lutheran Young People in Friona next Sunday.

Supper was served to approximately forty people, including more than a dozen service men.

Dr. and Mrs. Robert Jarrett, Jr., and Ann spent last week in Childress visiting with Mrs. Jarrett's parents.

Rev. Robert W. Jones left Monday morning for a visit with his mother in Philadelphia.

Miss Jean Pierce and Sgt. Sammons Married Saturday

Miss Jean Pierce, of Amarillo, and Sgt. Paul R. Sammons of Corpus Christi, were married in the First Presbyterian Church of Amarillo, Saturday evening.

Dr. R. Thomsen, pastor, read the vows before a background of palms, ferns and white stock, banked by white candles.

The bride who was given in marriage by her father, wore a floor-length dress of embroidered aqua blue marquisette and had a corsage of red roses.

Mrs. Sammons is a graduate of T. S. C. W., and did interne work at Washington University, and served as assistant to the director of Scottish Rite Dormitory in Austin before accepting her present position with the 350th C. T. D. at Canyon.

Sgt. Sammons is a graduate of McAllen High School, and was employed as an accountant for H. E. Butt Grocers, Inc., in Corpus Christi before entering the Army.

After a wedding trip to New Mexico, the couple will be at home in Canyon.

Miss Jean Pierce was honored with a bridal shower in the home of Miss Mattie Swayne and Miss Novella Goodman last Thursday evening at 5 o'clock. Additional hostesses were Misses Margaret Barrett, Martha Nelle Burton, Maude Cuenod, Lee Sullivan, Jean Moore, Mesdames J. J. Walker, and Lalia Thornburg Miller.

Other guests of honor included Mrs. Sammons, mother of Sgt. Paul Sammons, Mrs. W. P. Pierce and Beth, mother and sister of the bride-elect from Amarillo.

The rooms were decorated with garden flowers. Gingerale sherbet with cakes was served the guests.

PRESBYTERIAN AUXILIARY MEET IN CHURCH PARLOR

On May 9 the Ladies Auxiliary of the First Presbyterian Church assembled in the parlor of the church for worship and a business meeting.

The worship subject was "What We Should Do with the Bible—Its Use and Misuse." In discussing her subject, Mrs. Burrow made the important point that very early the church felt it had a stewardship to discharge in reference to the Bible. Some of the Church's major activities were collection, preservation, and translations. The church has fulfilled its trusteeship.

"As individuals what are we going to do about the Bible?" Mrs. Burrow asked. She reminded the members that they were to be mindful of some of the common practices of misuses such as reading the Bible in a haphazard or piecemeal fashion, reading it as the mainstay of some particular "Culture"—where as real vital Christian characters can be found in the midst of any sort of culture pattern, and reading the Bible for proof to support one's particular philosophy of life or to prove or disprove arguments in matters of religion.

Some proper uses Mrs. Burrow stated would be to read the Bible with these thoughts in mind, "what is the relation of this passage to the gospel as a whole; how may one put Bible teachings into practice, and live the gospel?"

"The Survey of Mission Fields" was presented by Mrs. Jones. In her subject on Mexico the basic thought was witnessing for Christ. The lesson on China brought out the thought: "How will the women of today in China meet the future conditions in building a new China?"

The meeting was closed with prayer by Mrs. Sharp imploring enduring faithfulness for the missionaries during the stress of war conditions.

PRESBYTERIAN GUILD MEETS WITH NEBLETT AND HAYNES

The Presbyterian Guild met Tuesday with Mrs. R. A. Neblett, with Mrs. A. B. Haynes, Jr., as co-hostess.

Mrs. I. F. SoRelle gave "World's Mission of the Church for Me." Mrs. Newton Harrell gave "World Mission and Freedom of Religion."

A business meeting and social hour followed the program.

Mrs. Robert Black, Mrs. Newton Harrell, Mrs. I. F. SoRelle, Mrs. H. A. Brown, Mrs. Robert Jones, Mrs. Clarence Thompson, Mrs. Lee Foster, Mrs. L. H. Owens, Mrs. Harold Shanklin, Mrs. J. D. Barker, Mrs. H. P. Neill and Mrs. Bob Barnett were the members and guests present.

Prescription Filled Over 15 Million Times

GIRL SCOUTS HAVE MOTHER- FATHER-DAUGHTER BANQUET

Troop No. 5 of the intermediate Girl Scouts held their Mother-Father-Daughter banquet Friday, May 12, at 8 p. m. at the Presbyterian church.

The horseshoe shaped table carried out the color scheme of yellow and green, the Girl Scout colors. The table was covered with yellow and green crepe paper. Yellow and green candles were placed alternately around the table. Yellow tulips further carried out the color scheme.

The dinner was served to the girls and their guests by the troop committee and mothers of the girls, Mrs. H. P. Neill, Mrs. J. E. McGeorge, Mrs. K. R. Schramm, Mrs. W. W. Nicklaus and Mrs. Rhome Mobley.

Mrs. E. E. Hawkins, the troop leader, introduced the speaker of the evening, Miss Mary Moss Richardson, teacher of English at the college, who entertained the girls with Sambo, her toy monkey, and followed up with a talk so appropriate for girls of intermediate age. Mrs. Conn Isaacs played several popular numbers on the piano. The girls sang the international Girl Scout song "Golden Sun" and closed with the singing of Taps.

The following girls with their guest attended: Barbara McDougal, Mrs. Grace McDougal; Mary Jane Neill, Mrs. H. P. Neill; Mary Elizabeth Jennings, Mrs. James Jennings; Anna Rae Morgan, Mr. Jack Middleton; Mary Joyce Snapp, Peggy La Loge, Mr. Hancock; Mrs. W. R. Snapp; Joanna Haines, Mrs. Gladys Haines; Opal Joyce Brant, Mr. A. G. Brant; Betty Slagle, Mr. Slagle; Sue and Faye Dickerson, Mr. Dickerson; Mary Anna Baker, Mrs. Baker; Sue Jennings, Mrs. Jennings; Katherine Furlow, Mr. Furlow; Suzanne Stephenson, Mrs. Stephenson; Mary Anna Sloan, Mr. Sloan; Billie Louise Thompson, Gloria Franklin, Phyllis Jean Littleton, Bobby Dowd Foster, Joan and Merle Bullard, Willie Faye Kinney, and Bobby Jean Ford.

WOMAN'S BOOK CLUB STUDY EIRIE: FEDERATION DAY

The Woman's Book Club met Wednesday in the Thompson Club Room. Mrs. D. A. Nicholas gave a very interesting report on Eirie, the neutral section of Ireland. The rest of the program was given to the celebration of Texas Federation Day. Mrs. H. A. Brown presided during this part of the program and was very ably assisted by Mrs. J. A. Hill.

The following members were present for this last meeting of the club year: Mrs. J. A. Hill, Mrs. D. A. Nicholas, Mrs. Irving SoRelle, Mrs. Lee Johnson, Mrs. Fred Standley, Mrs. C. R. Burrows, Mrs. S. H. Condon, Mrs. H. A. Brown, Mrs. C. A. Murray, Mrs. Tom Knighton, Mrs. Lee Foster, Mrs. Alfred Bellah, Mrs. S. L. Ingham, Miss Darthula Walker and Mrs. Harris M. Cook.

September will be the date of the next club meeting.

MOTHERS-IN-LAW CLUB MEETS WITH CLEAVINGER

The Mothers-In-Law Club met in the home of Mrs. M. E. Cleavinger for the May meeting. After the business was attended to the club enjoyed a program of readings and music. The club welcomed an old member, Mrs. Porter, who had been gone for several years back into the club. Mrs. Porter told of many historical places she had visited while she was away, and of a deep sea fishing trip.

Members present were: Mrs. J. W. McCrerey, Mrs. Tom Slack, Mrs. J. C. Dowd, Mrs. Gibbs, Mrs. Cole, Mrs. Steen, Mrs. Myers, Mrs. Porter, Mrs. Croson, Mrs. Anthony, Mrs. Ridgway, Mrs. Lowry, Mrs. Trowbridge and the hostess.

The hostess served delicious refreshments of cookies, snacks and punch.

Mrs. Myers will be the hostess for the June meeting at which time there will be election of officers for the coming year. All members are urged to be present.

GRADE SCHOOL P. T. A. INSTALLS NEW OFFICERS

On May 11 at 4 o'clock the Canyon Grade school P. T. A. met in the High School auditorium for installation of the following officers: President, Mrs. J. B. Speer presiding; President, Mrs. W. W. Nicklaus; vice-president, Mrs. Robert Jones; secretary, Mrs. D. E. Hawkins; treasurer, Mrs. Burney Slack; hospitality chairman, Mrs. R. A. Neblett; finance and budget, Mrs. Newton Harrell; membership chairman, Mrs. S. S. Howell; publication chairman, Mrs. Walter Graham; study club chairman, Mrs. R. C. Hillier; publicity chairman, Mrs. Ray McReynolds.

After the installation ceremony, Mr. Speer showed school movies of the children and different activities. The meeting closed with a social hour during which refreshments were served to fifty or more parents who attended the meeting.

MRS. BLACK HONORS SON WITH WAFFLE SUPPER FRIDAY

Friday evening at 7:30 Mrs. Sanford Black entertained to honor her son, George, who is to leave May 24 for the Navy.

Merle Dickerson, Manus Foster, Lindsey Taylor, Charles Hillier, Bobbie Black, A. B. Holt, Vaughn Vandergriff, Harley Gene Hicks, and the honoree, George, were seated at a waffle supper.

Mrs. Eva Maynard spent the week end in Happy with her parents.

THE ENTIRE NATION IS BEHIND THEM.

SLIGAR AND LOWES HONOR HIBBETS SATURDAY

Mrs. Mary Sligar and Miss Ruth Lowes were at home at 2004 Seventh Avenue Saturday afternoon to honor Miss Anna I. Hibbets. Miss Hibbets is retiring from her teaching position at the college at the end of the present term. About fifty guests called between the hours of three and six o'clock.

The entertaining rooms were decorated with a variety of spring flowers. In the dining room the table was spread with a handmade cloth and centered with a crystal bowl of painted daisies, cornflowers, and columbine. White candles burned in crystal holders.

Tea was served with sandwiches and cakes in pastel colors, mints, and nuts.

During the afternoon Mrs. R. P. Jarrett, Miss Elva Fronabarger, and Miss Annie L. McDonald of Amarillo presided at the tea service. Others in the house party included Mrs. L. C. Moreman, Mrs. Felix Neff, and Miss Mae Simmons and Miss Louise Orr of Amarillo.

THE WESLEYAN GUILD MEET TUESDAY NIGHT

The Wesleyan Service Guild met Tuesday night at eight o'clock in the M. E. Church parlor. The service opened by singing "My Faith Looks Up to Thee" and Mrs. Ruth Hill lead the devotional from the seventeenth chapter of St. Matthew.

Miss Mary Moss Richardson directed the Bible study from the ninth and eleventh chapters of St. Matthew.

After the service a short business session followed and Mrs. Lavert Avent was elected treasurer to replace Mrs. Bill Mack Gibson who has resigned as she will soon be leaving Canyon.

Those attending were: Mrs. W. W. Nicklaus, Mrs. E. M. Myers, Mrs. Lavert Avent, Mrs. Robbie Holston, Mrs. K. R. Schramm, Mrs. James R. Morgan, Mrs. C. W. Foote, Jr., Mrs. Ruth Hill, Miss Mary Moss Richardson, and one visitor, Miss Elizabeth Bowman.

GREEN HAVEN H. D. CLUB MEET WITH MRS. CARR

The Green Haven Home Demonstration Club met Monday afternoon in the home of Mrs. Jack Carr.

The business session was conducted by Mrs. Geo. Ross, president. Several reports were given and plans were discussed for the May Day tea to be held at the Thompson Club room in Canyon, on May 20. The program for the afternoon was on the "Growing of Tomatoes."

The following members were present: Mesdames Geo. Protsman, Sid Carter, W. T. Gibbons, L. A. Pitt, R. T. Norman, Jack Cage, Geo. Ross, Ray Minner, Jack Carr, and Mrs. Clarence Warren, guest.

The next meeting will be in the home of Mrs. C. S. Watkins, Jr., on June 5, at 1:30 o'clock. There will be a demonstration on "Canning Poultry."

LAS SENORAS NEUVAS CLUB MEET WITH MRS. CANTRELL

Last week Mrs. M. E. Cantrell was hostess to the Las Senoras Neuvas Club in rooms that were decorated with beautiful spring flowers.

Guests were: Mrs. Hud Prichard, Mrs. Gordon Lyons, Mrs. J. L. Duflot, Mrs. Bill Mack Gibson, Mrs. Ray McReynolds, Mrs. Hosea Foster, Mrs. W. W. Nicklaus, Mrs. J. Madison Daugherty.

Mrs. Foster won high and Mrs. Prichard low.

Mrs. Ross Craig and Mrs. Sam Appleton were tea guests.

Place of Education Following War Is Discussed by Speer

J. B. Speer was in charge of the Rotary Club program Tuesday. He discussed the type of peace which would follow the war.

"The people are determined that they shall not leave the peace up to the politicians as they did in 1918," stated Mr. Speer.

Educational policies are being worked out in America and in England. The aim of the two nations differs to this extent: The English say that our enemies shall be re-educated by force. The American commission say that we shall re-educate in the Democratic way, not using force.

The big question is how Japan can be re-educated.

President Roosevelt stated on Feb. 10, 1943, "The important job of education is that war will not come again."

Woodrow Wilson attempted to educate the people in favor of a League of Nations in 1918-19, but failed.

The speaker stated that the aims of the war were not yet entirely clear to large numbers of people. We started out with a defensive purpose, but this is not enough.

The American education commission maintains that freedom and fair play shall be extended to all peoples of the world. To that end Americans must know other people and appreciate their conditions.

Mr. Speer showed textbooks which were being used in Spanish in the third grade. If books from all nations could be studied by the children of this generation, they would better understand the needs of the future. He displayed a map showing just how small the world has grown because of the airplane, and therefore the need of better understanding among all people.

Visitors were: Ross D. Rogers, Nellie Nelson, of Amarillo; Capt. A. M. Warren; Lt. John T. Sullivan of the 350th College Training Detachment.

Miss Vesta Odell, former pianist of the club, played two solos.

Maj. and Mrs. Robert DeBorg of El Paso were recent guests in the home of Mr. and Mrs. E. C. Penick. Maj. DeBorg received his wings at the same time Lucius did, and they were both stationed in Utah, then in California, from which place they went across and were stationed in Hawaii, then in Australia, in Java and back to Australia where Lucius lost his life along with 18 others. Maj. McPherson was at the controls. Maj. and Mrs. DeBorg were guests also of his grand parents, Mr. and Mrs. Hodges.

Mr. and Mrs. C. N. Cockran have moved to Amarillo. Mrs. Cockran is with the Texas Welfare Commission and was formerly assigned to Canyon.

Sgt. and Mrs. Kenneth Gibson from Lubbock spent last week in the parental Cliff Jarrett home.

Rocket Gun Salvo

RECENT NAZI AIR ATTACKS on England have met with salvos of rockets from batteries of new secret guns, like those shown in this picture. These guns are the result of years of research by British scientists. They are just one more example of the United Nations' ingenuity in producing new weapons against the foe.

Kenneth Cofer Accepts Position At Cactus Plant

On May 22, Kenneth Cofer, along with the other seniors will receive his degree. This particular degree will be a B. S. in chemistry; however, it will be no different from that of any other chemistry major, except that it was earned in three years under handicaps that might have stopped a less ardent student.

In his junior year in high school Kenneth Cofer contracted infantile paralysis. This dread disease left him dependent upon crutches. He soon learned to handle these so well that he won and held the admiration of all who were associated with him in his years of high school work. Never once did he ask a favor. He wanted and took everything in the normal way for a high school student.

Since his sophomore year in college he has been a member of the Phi Beta Gamma, the honor society for science majors. This year Kenneth was selected to be president of the organization. He has been student assistant to Dr. C. A. Piele during his sophomore, junior and senior years.

This year he was elected secretary for I. R. C.

On May 23, the day after graduation Kenneth will begin work for the Shell Corporation at Cactus Ordnance Plant as Junior Chemist.

Students, faculty members and towns people say, "Congratulations."

Captain A. M. Warren arrived Friday from Denver. He landed at Seattle the week previously and visited training centers at Salt Lake City and Denver on the way home. Capt. and Mrs. Warren will leave for California June 2 where he will report on the 5th for further duty. He has been in Alaska for more than a year.

Visiting with Mrs. J. E. McGehee and family over the week end were her sisters, Miss Elva Gillham from Colorado Springs, Colo., and Mrs. Tracey Carey and three children, Dale, Caroline and Kenneth, and her brother, Sgt. J. E. Gillham and his wife from San Antonio.

Mrs. J. R. Bright has moved to Canyon from Plainview to make her future home. Her two sons are graduates of West Texas State, and both are now officers in the Army. Lt. Robert H. Bright and Lt. Weldon Bright.

Lt. and Mrs. Artist Hud Prichard and baby arrived Friday from Arizona. Mrs. Prichard and the baby will remain in Canyon, while Lt. Prichard will report this week at Lincoln, Nebr., for further training in the Army Air Corps.

All women and girls interested in the WACS should contact Sgt. Edwards in the Post Office Building in Amarillo, at the WAC Headquarters.

Mrs. Byron Campbell and baby have returned to Canyon for an indefinite stay. Mrs. Campbell will be remembered as Katherine Bolling. Ensign Campbell is expecting sailing orders at any time now.

Mrs. Elzie Price had as week end guests her sister, Miss Anna Davis from Seminole, and her daughter and family, Mr. and Mrs. Owen Miller and daughters from Plainview.

Dr. and Mrs. Law Sone and daughter of Fort Worth spent Sunday at the parental C. L. Sone home in Canyon. Dr. Sone is President of Texas Wesleyan College.

Mrs. Letha Lehnick had as guests Sunday her daughter, Mrs. Carroll Ned Love and baby from Lubbock, and her nephew, Ernest Russell from Panhandle.

Gene Horn has returned to camp in Idaho after having visited with his parents, Mr. and Mrs. J. W. Horn.

From the Stevens Florist Mrs. David Horn received flowers that had been ordered from San Diego, Calif.

Survey Made

(Continued from page one)

If the convention could be held over tomorrow, Canyonites say there isn't a hall in the town big enough to hold the crowd that would gather.

One of Canyon's pioneer financiers said: "Please have The News-Globe tell our Panhandle friends that the convention certainly did not represent the majority view of the community. If we had just one negro in our town to provide us an issue, it would be different; but we haven't. We just got caught asleep. And we apologize."

Another businessman termed the convention "an outrage." Asked if he attended, he admitted he had not.

The News-Globe reporter, after sampling sentiment on the Canyon square, went to the college campus to see how Mr. Dufflot's fellow-teachers felt about it. He talked to 11 faculty members. Most of them sided with the businessmen downtown. One of them estimated that "90 per cent of us disagree with Mr. Dufflot." He invited the reporter to poll the entire faculty membership.

Although it was the negro vote resolution that caused most of the furor, Mr. Dufflot also sponsored five others that did not exactly result in community harmony.

Mr. Dufflot, himself, called the Randall convention a "mockery." A strong advocate of the preferential primary system as opposed to the convention method, he said: "Even though things went my way, the meeting was a mockery of democracy."

To which most of Canyon muttered a fervent "Amen."

Despite the rumblings over the convention action, however, there probably is no one in Canyon bold enough to predict that Randall County will not vote for Mr. Roosevelt if he runs. This is especially true, they say, if Dewey is the Republican nominee. Dewey-supporters are few and far between in Randall County.

A poll was conducted on Canyon streets on two questions:

(1) Do you favor Roosevelt seeking the fourth term?

(2) If Roosevelt is the Democratic nominee do you favor him over a Republican candidate?

The results, broken down, were as follows:

Farmers: Eighteen do not want the fourth term; two did, four said they would support the Democratic ticket to 16 saying they would not if Roosevelt was the candidate. The farmers say they do not like the present farm and crop program.

Five professional men dislike the fourth term; one does. Five will not vote for Roosevelt if nominated; one will.

Of 16 business men interviewed 13 do not want the fourth term; three do. The same ratio held on

the second question, 13 will not vote for Roosevelt, three will.

Eight of 11 teachers do not favor the fourth term; three do. But four will vote for Roosevelt over a Republican; seven said they will not.

Five of eight do not want Roosevelt for a fourth term. The same percentage holds true on their opinions of the second question.

Seven laborers were interviewed. Six want Roosevelt to run and will vote for him; one doesn't want any more of him and will not vote for him.

Fifty of the 68 interviewed do not want Roosevelt to run again; 18 want him to be the nominee. Forty-seven say they will not support Roosevelt in the general election and 21 said they would vote for him over any Republican.

Canyon business men are indignant over the Montgomery-Ward incident and say so with emphasis. They say their rights of private enterprise are threatened and a pastor of a local church said he wouldn't be surprised any day now to have orders from Washington on what to base his text.

Mr. and Mrs. A. B. Tarwater of Plainview stopped yesterday in Canyon for a short visit at the News office.

Mr. and Mrs. Pat Whittington and Jean of Amarillo spent Mother's Day in the parental N. E. McIntire home.

Bob Kilgore, music director at the local Baptist Church, had his mother from Wichita Falls as his guest over night.

Mr. and Mrs. J. W. Horn and children have returned to their homes after an extended visit in Canyon.

Oscar Parsons and family were here Sunday from Wildorado. Oscar is working on the roads in Deaf Smith county.

Mr. and Mrs. C. R. Payne of Amarillo spent Sunday with Pfc. and Mrs. C. N. Tippery.

Mr. and Mrs. G. I. Taylor visited with Mr. and Mrs. Charles Zoller in Happy for Mother's Day Sunday.

Mrs. Robert Orton and sister, Miss Vernez Turner, spent Sunday with their mother in Vega.

E. P. Faulkner visited his wife and son in Whitney Sunday.

LT. WILLIAMS PROMOTED

Dr. and Mrs. R. P. Jarrett, Sr., received word from their daughter, Virginia, that her husband, Capt. Al Williams, had just been promoted to that rank from 1st Lieut. Capt. Williams is in Camp Shelby, Hattiesburg, Miss., in charge of an anti-tank company with the infantry. He has been in the service about 21 months.

Mr. and Mrs. Lee Harlan flew in their plane from Omaha, Neb., last week to visit with Mrs. Harlan's parents, Mr. and Mrs. Grady Persons. They left Friday, flying to Independence to visit with friends and to Salusburg to visit with Mr. Harlan's parents for a few days.

S/Sgt. Bud Thurmon will leave this week end for Santa Monica, Calif., where he will rest for two weeks before reporting for re-assignment. He is planning to take cadet training.

Mrs. Virgil Meadows and baby son, Larry, returned to their home in Downey, Calif., Monday, after having spent a month with her mother, Mrs. Shackelford.

Mr. and Mrs. Noah Amason, daughter and nephew from Silverton spent Sunday with his mother, Mrs. W. M. Amason.

Mrs. Oscar Croson and baby left Monday for Virginia, where she will spend several months with her husband.

BETTER MEATS

For Better Meals

It was good news when rationing was lifted from practically all kinds of meats. Not that all of us have not had a sufficient amount of meat, but now you may walk up to the meat department, and make your choice without feeling the pinch on the ration points.

Bellah's always have the best meats that the market affords. Our choice is wide, and the quality cannot be surpassed. We take a distinct pride in our meat department, and urge that you visit it often.

No one knows just how long rationing will be lifted on meats. But all of us can help in buying cautiously and not overbuying on any item. Perhaps we have learned to adjust our appetites so that meat rationing will never again be necessary—and that would be a very fine thing both for the people and the merchant.

Add meat to your menu, and then take advantage of the many other unrationed food items which Bellah's have to offer every day.

Double Green Stamps Friday only, for cash or charge accounts paid.

Sixteen Awards Now Available

Scholarships May Be Used During Summer Term

Scholarships are now being awarded by the Scholarship Committee of the College. One week ago there were nine scholarships available for distribution among the high school graduates; now the committee has sixteen awards to be presented for the 1944-1945 school year. Students receiving the scholarships and desiring to enter the summer term of school may make arrangements to do so.

Awards not listed last week but that are now available are:

Library Scholarship (Number One)

This award is to be given to some student interested in majoring in Library Science; it was made available by the members of the Library Staff. Upon the request of the staff, it has been granted to Miss Claire Ferguson of Tucumcari, New Mexico.

Library Scholarship (Number Two)

This award is also available for a student majoring in Library Science. This year's award has been granted to Miss Ruth Bonds, Bovina, Texas.

Luella B. Sale Scholarship

This award of fifty dollars has been presented by Mrs. T. V. Reeves in memory of her mother, for whom the scholarship has been named. The provisions of this award are that the student be from Dallam County, have high scholastic average, have a good record in citizenship, and student achievement must be commendable. The tuition scholarship is to be awarded at the graduation exercises in Dalhart.

Mathematics Scholarship

This scholarship of fifty dollars has been given by Miss Edna Graham as an award to some student desiring further study of mathematics. This is a cash award and

may be presented to the first honor graduate. Although the first honor graduate of each high school in the state receives a state scholarship good for the tuition in any state school, this award may be presented to a first honor student if the committee so decrees. The first prerequisite is that the student have high rank in high school mathematics courses.

Virgil Henson Grant

Mr. Virgil Henson, College Business Manager, has established a grant of fifty dollars for a high school student of outstanding record in high school in scholarship, citizenship, and achievement. Extra-curricular activity may be considered, but such activity is not necessary. The award is applicable to the payment of fees and tuition upon enrollment in September.

Floyd-Motley County Scholarship

This scholarship has been established by Dr. B. F. Fronabarger, Jr., Head of the Department of English of West Texas State College. The student may major in any subject he wishes. Scholarship and citizenship are to be considered in making the award. The student must be a graduate of a school in either Floyd or Motley County. The scholarship is for fifty dollars; it may be used during the summer and fall terms or during the two semesters of the long session.

B. F. Fronabarger Scholarship

This second award established by Dr. Fronabarger, is to be granted to some deserving student who has a high standing in school work. Scholarship and achievement are to be considered primarily in making the award. Dr. Fronabarger has not designated any locale as being represented in this award.

R. P. Jarrett Award

Dr. R. P. Jarrett, Dean of West Texas State College, has established a cash award of fifty dollars to be given to an outstanding high school student who elects to come to West Texas State. Scholarship is to be considered in making the award. Since this is a cash grant, any honor student is eligible for it.

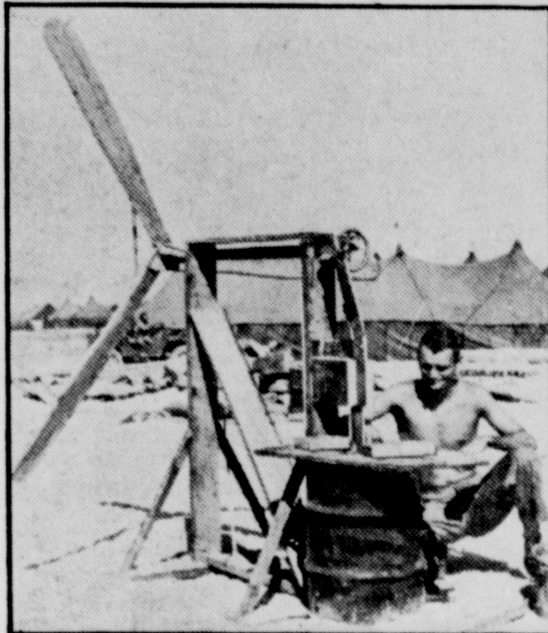

John S. Humphreys Scholarship

The John S. Humphreys Scholarship Fund has three scholarships available for students from Randall County. These scholarships are from the fund raised by Mr. Humphreys three years ago, and by the provisions of the fund, they are to be awarded to seniors from Canyon High School or from West Texas Demonstration High School.

The blue of the sky and the colors of sunrise and sunset are due in a large measure to the presence of dust in the atmosphere.

Scientists variously estimate the height of the atmosphere at 100 to 500 miles above the earth.

Wash Day in the South Pacific

Wet wash, rough finish, is the laundering watchword in the South Pacific, where a USMC photographer snapped the scene at top on Bougainville. The GI's are giving their duds and themselves a thorough and undoubtedly badly needed washing. On tiny Los Negros of the Admiralty group north of New Guinea, lower left, the weekly wash ways in a mild zephyr under guard of newly risen Old Glory. At lower right, Pfc. R. P. Purdum, worried about tattle-tale gray, enlisted his Yankee ingenuity and came up with this wind-driven washer of discarded boards and an oil drum on Roi Island of the Marshalls.

Jowell Items

Mr. and Mrs. Arthur Ullum of Dumas visited with Mrs. Ullum's sister, Mrs. Powell, Saturday evening through Sunday. They took Mrs. Ullum's mother, Mrs. Raines, to Oklahoma to visit her son, Mrs. Marvin Turner and children visited in the W. T. Cope home Sunday.

Muriel Faye Cope spent Saturday night with Clara Lee Turner of Happy.

Miss La Dell Backers and friends of Happy had dinner in the home of Floyd Bonds Sunday.

Mr. and Mrs. Erving Bowers and family visited Mr. and Mrs. Earl Davis Friday evening.

Mr. and Mrs. Melvin McGaughey

and Linda and Mrs. Mattie Lee Hill all of Plainview, spent the latter part of the week with Mr. and Mrs. W. F. Bonds.

Mr. and Mrs. Earl Davis and family spent Sunday with Mrs. Davis' mother, Mrs. Mary Burtz of Canyon. Mr. and Mrs. H. P. Bonds visited in the home of their daughter, Mrs. Henry Tidenberg, at Hereford Sunday.

Sunday dinner guests in the G. J. Bonds home were Mr. and Mrs. Mon Adams and Mr. and Mrs. Foster Hollabaugh.

Mr. and Mrs. T. J. Bonds visited Mrs. Bonds' mother's folks in Lockney Sunday.

BAPTIST CHURCH NEWS

On Sunday, May 21, services will be conducted at both morning and evening hours, at 11:00 and 8:15. Though many will want to attend the commencement sermon at the college auditorium, others will be glad to attend this service at the church because it is much closer. Visitors are welcome always.

Sunday School will begin at 9:45 for all ages, and Training Union begins at 7:15 for all ages. The Wednesday prayer service is at 8:15.

Coming soon will be a service by Rev. Miller of El Paso representing the educational work of The United Texas Drys of Dallas, state-wide interdenominational organization to inform the people about the liquor traffic.

The annual Vacation Bible School of the First Baptist Church will be conducted in July and definite announcements will be made as to registration in June. Children of all denominations and of no denomination are invited to share the fun, fellowship, and study of this two-week school.

EPISCOPAL CHURCH NOTICE

The Protestant Episcopal Church of Canyon will have services at 11 a. m. Sunday, conducted by Chaplain Joseph S. Long.

Earthquakes in mountainous regions are usually interpreted by geologists as an indication that the mountains are growing.

FAIR QUESTION

The teacher believed in giving her class lessons in general knowledge. "What is this?" she asked one day, holding up a small object. "A pay envelope," replied little Freddie, promptly.

"Good," exclaimed the teacher. "And what did it contain?" "Money," said little Freddie; "your wages."

"Very good, Freddie," she said beaming around the class. "Any questions about it?"

"Please, teacher," remarked one thoughtful child, "where do you work?"

HANDICAPPED

When the flood was over and Noah had freed all the animals, he returned to the ark to make sure all had left. He found two snakes in the corner, crying. They told him their sorrow:

"You told us to go forth and multiply upon the earth, and we are adders."

SCORE

Prof: "Young man, how many times have I told you to get to this class on time?"

Student: "I don't know, I thought you were keeping score."

Tramp: "Lady, I'm hungry. Could you give me a piece of cake?"

Lady: "Isn't bread good enough for you?"

Tramp: "Yes, ma'am, but you see today is my birthday."

RATIONALIZATION

"Why is it you go steady with her?"

"Well—she's different from other girls."

"In what way?"

"She'll go with me."

"As I wuz laying on the green a small English book I seen; Carlyle's essay on Burns wuz the edition So I left it lay in the same position."

Don't try to keep up with your neighbors; let them keep up with you.

ALLEN & BLACK

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

DRAFT PROSPECTS UNDER NEW RULES

Draft prospects of men in various age groups have been outlined by National Selective Service Headquarters in a recent statement of policy, subject to adjustment as needs of the armed forces change—men 18 through 25—likely to see service unless replaceable in essential activity; men 26 through 29—likely to remain in civil life for the time being if found to be "necessary to and regularly engaged in" war production or in support of national health, safety and interest; men 30 through 37—likely to remain in civil life for an indefinite period, if "regularly engaged in" war production or in support of national health, safety and interest; men 38 through 44—not currently acceptable for induction by the armed forces.

TO HELP GET FARM SUPPLIES

Dealers are required to give farmers preference in the purchase of about 300 listed items of farm supplies, under a recently revised War Production Board regulation. A farmer may buy these supplies upon his written certification that the supplies "are needed and will be used for other than household purposes in the operation of a farm."

New items added to the list include hay stackers, fire extinguishers, flashlights, funnels, tool sharpening grinders, harness repair tools, concrete mixers, metal fence posts, Portland cement and insulating materials.

AID FOR FARM COMMUNITIES

Agriculturally-based communities wishing assistance in planning post-war jobs may get assistance from the Department of Agriculture. Engineers, industrial chemists, statisticians, marketing experts and other consultants will be available to aid communities where farm income and farm purchases make up the backbone of local business. The communities make their own plans and put programs into action at their own expense, while the consultants provide them with specialized aid and suggestions.

MORE CHILDREN'S GARMENTS

More than two million dozen essential items of infants' and children's wearing apparel, will be produced during June, July and August, WPB said. All garments are to be manufactured from woven cotton fabrics and will include infants' creepers, gowns and dresses; children's pajamas, sunsuits and coveralls; girls' blouses and dresses; and boys' washsuits, underwear, overalls, shirts and blouses.

REDUCES HEAVY HOGS CEILING

The ceiling price of live hogs weighing over 240 pounds has been reduced by 75c per hundredweight, effective May 15, Office of Price Administration announces. The action was taken to discourage feeding of grain, especially corn, to heavyweight hogs and to encourage marketing of hogs before they reach 240 pounds.

I AM AN AMERICAN DAY

May 21 has been designated as I Am An American Day, the day on which the United States will honor the 2,470,000 men and women who reached voting age and the 400,000 citizens of foreign origin who were naturalized in 1943. It was reported by the Office of War Information. Of the 400,000 newly naturalized citizens, 65,000 are in the armed forces and approximately 114,000 came from enemy or former enemy nations—75,000 Italians, 37,000 Germans, and 2,000 Rumanians, Hungarians and Bulgarians. In 1943 and up to April 15, this year, 4,635 foreign-born members of the armed forces on overseas duty were naturalized.

RESTRICTIONS ON CONTAINERS

Fruits and vegetables whose packing and shipping in new wooden containers are restricted after June 30 include cantaloupes and melons, carrots, cauliflower, celery, cucumbers, grapes (juice and table), lettuce and radishes, the War Food Administration reminds growers. When planning acreage, growers doing their own packing should make sure their quota of new containers are sufficient to take care of their expected production. Growers employing commercial packers should check to see that the packers have sufficient quotas of new or old containers to meet requirements.

ROUND-UP

OWI says that after two years of war, the buying power of individuals in the United States has reached the all-time high of \$33,000,000,000 in the form of cash and checking accounts. . . . Four thousand used track-laying tractors are needed for work on farms and in mines, forests and oil fields, WPB says. If sufficient supplies are not bought through Defense Supplies Corporation, WPB may have to use its requisitioning power. . . . Release of an additional 12 million pounds of dried prunes from the 1943 production to civilians has been authorized by WFA. . . . Prices of cotton, jersey, and leather-palm work gloves have been increased, on the average, from one to six cents per pair above former ceiling prices, OPA announces.

'Wh-Wh-Who's Nervous?'

Dr. Johnson Has Informal Dinner For Council Members

Last night Dr. and Mrs. Roy L. Johnson entertained the Baptist Student Union council members and several guests at an informal dinner in their church apartment.

Mixed with the good food was much fellowship and fun. Then after the main course, Dr. Johnson gave the students some brief inspirational words to carry them through their work during the next year.

Council members and guests present were Beulah Hammond, Aurene Jameson, Joyce Miller, Margaret Puckett, Mary Frances Muller, Martha Jean Dowd, Pauline Rudy, Bob Kilgore, Dorothy Heath, Wayne Keith, Bobby Jane Storey, Martha Hammond, Lucille Davis, Helen Bernson, Georgia Paye Holt, Mr. and Mrs. Tom Knighton, Mr. and Mrs. Virgil Henson, Don Johnson, and Dr. and Mrs. Johnson.

Heavy boulders in the bottom of river beds have been known to be raised to the surface and floated downstream by ice which has formed around them.

Teacher: Tommy, name five things that contain milk.

Tommy: Butter 'n' cheese 'n' ice cream—'n' two cows.

Savages usually believe that animals have souls sometimes calling them "blood brothers."

The custom of legal adoption in England is relatively recent, having been authorized by statute in 1926.

The biggest bronze statue in the world is the Statue of Liberty.

The heaviest known liquid is mercury.

ESTATE OF OSCAR HUNT, DECEASED, No. 530 IN THE COUNTY COURT OF RANDALL COUNTY, TEXAS, May, A. D. Term, 1944. TO ALL PERSONS INTERESTED IN THE ESTATE OF OSCAR HUNT DECEASED:

Notice is hereby given that I was on this date, appointed Executor of the Last Will and Testament of Oscar Hunt, Deceased. And this is to notify all persons owing the Estate of Oscar Hunt, Deceased, to come forward and pay same, without further notice. And to all persons having claims against said Estate, I hereby notify to present said claims to me in the manner provided by law. My office is at the First National Bank in Canyon, in Canyon, Texas, where I will be found during business hours, for the purpose of paying claims to said estate, and presenting claims against said estate.

This May 15th, A. D. 1944. W. C. BLACK, Executor of the Last Will and Testament of Oscar Hunt, Deceased. 1114

Highland News

The Farm Bureau met at the Highland school house last Friday night.

High school graduation exercises were held at the Wildorado Auditorium last Friday night. The school picnic will be had at the school grounds the last day of school, May 19th.

George Cook spent the week end at home. He is still working at Pantex. Mrs. Cook returned from Lancaster, Mich., last week where she had been visiting her son and family the past few weeks.

Harry Fuqua was ill with the flu last week and spent several days in the hospital but is up and going again.

Rev. Storey from Hartford, Conn. visited his brother-in-law, H. H. Elam last week.

Mrs. Esther Griggs Carver of Clovis, N. M., formerly of Wildorado, passed away May 4th, and was buried in Memorial Park Cemetery.

Mrs. Joe Allred has been on the sick list the past few weeks.

Miss Kathleen Tidwell and Bob Fulton were dinner guests at the Kenneth Broadus home last Monday night.

Mary Lou Jones spent the week end with her parents. She is working for Western Union in Amarillo.

Farmers are busy in the field and in getting machinery ready. Some report a poor stand of wheat in some fields.

A man weighing 175 pounds on the earth would weigh almost two-and-one-half tons on the sun, since the force of gravity on the sun's surface is 28 times as great as that on the earth.

The largest Christian denomination consisting wholly of negroes is the African Methodist Episcopal Church.

The coldest degree of natural temperature ever recorded was 90 degrees below Fahrenheit in northeast Siberia.

The largest sun spot is 60,000 miles in diameter; the smallest 300 miles.

Today's
Dreams
are
Tomorrow's
Realities

TWO HEARTS DREAMING . . . two heads planning . . . some day their castle in the air will become a reality and two people will have the home they have wanted for so long. They have the faith and energy to make their dreams come true.

FOR THE HOME OF TOMORROW . . .

A WONDER KITCHEN—cool, clean—New Certified Performance Gas Range to give that "precision cooking."

AN ALL-YEAR-ROUND PERFECT CLIMATE—A New Gas Air Conditioning System to warm your home in winter and cool it in summer.

HOT WATER GALORE—A New Automatic Gas Water Heating System.

MAGIC REFRIGERATION—The New Silent Gas Refrigerator to keep your food fresh longer.

REMEMBER . . . Gas today speeds war production. Use it wisely. Tomorrow it will bring new ease, new leisure, better living.

West Texas Gas Company

The Telephone Lineman

maintains the network of telephone wires and cables that links the nation together.

Day after day, in storm and fire and flood, up in the air and underground, he's on the job — knowing that every circuit is needed for war.

These days it is important for everyone to make the best use of telephone equipment.

You can help by not talking over 5 minutes when Long Distance circuits are busy with war.

SOUTHWESTERN BELL TELEPHONE COMPANY

Congratulations to the Telegraph Industry on its 100th anniversary.

County H. D. Clubs Have Tea Saturday

Saturday afternoon from 3:30 to 5:30 o'clock the Home Demonstration clubs of Randall County will have their annual May tea at the Thompson Club Room.

Every member of each club in the county is cordially invited to attend. Individual invitations were not mailed this year and it is hoped that each member will see that other members know about the tea and will come.

Mrs. Dan Higgins spent Mother's Day with her mother, Mrs. J. A. Harris.

Randall County 4-H Girls Have County- wide Meeting

Nineteen Randall County 4-H club girls came together in a county-wide 4-H girls meeting at the Council Room in the court house Saturday afternoon, May 13. They spent a busy hour and a half in recreation, songs, and business.

These girls are all working to help produce the food supply needed to win the war. They have a slogan to "Feed-a-Fighter," and are helping with the home gardens, raising poultry, milking, and making regular farm hands.

Georgia Lindemann of the Umbarger senior 4-H club, and Dee Park of the Park 4-H club were elected to attend the district 4-H girls Leadership Training Encampment, which will be held at Ceta Glen June 8 and 9. Mrs. Chas. Thurman, sponsor for Park 4-H club, will also attend and she will serve as pianist for the meeting.

Two girls from each of the sixteen counties having girls 4-H work in the district will attend this encampment and receive leadership training. These leaders will help later with county-wide encampments in their home counties. In case either

or both of these girls is unable to attend this meeting, Christina Friemel of the junior 4-H club at Umbarger and Helen Hoffman, Umbarger senior 4-H club, were elected alternates.

District Conference Being Held Today

Delegates from the Amarillo District of the Methodist Church gathered at the Methodist Church this morning for the annual business session.

Dr. Will C. House, district superintendent, is in charge of the program.

Mrs. Annie Lee Vineyard, accompanied her sisters-in-law, Mrs. Dalby Fleming of Tucumcari, N. M., and Mrs. J. H. Lowe of Wellington, to Lubbock to visit with their father, John Vineyard, and to Big Spring to visit other relatives over the week end.

Mrs. R. N. Barnett from Tucson, Ariz., is visiting her mother, Mrs. M. S. Frieze, her sister, Mrs. Allan Farlow and her brother, K. E. Frieze.

Mrs. Cates and J. W. visited in the J. W. Horn home over the week end.
